## Description

Layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market; won't rip, tear or fray even when saturated

Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup

Highly absorbent, fine-fibre construction won't leave behind liquids or fibre residue

Absorbs and retains oils and oil-based liquids - including lubricants and fuels - without taking in a drop of water

Light-weight construction is economical for small tasks and cleanups
