PIG® Doorblocker Dike

PLR213

Specifications

Weight	1.800000
Color	Yellow
Composition	Polyurethane
Contents/Package	1 each
Dimensions	5,1 cm W x 122 cm L x 3,8 cm H
Warnings & Restrictions	Due to the nature of softer urethane, the physical properties of these products may change over time with exposure to certain environmental conditions like temperature, humidity and UV radiation. Typical life expectancy is 5 years. Please inspect the stored product regularly to ensure it is in a usable state. For optimum performance, ensure that the area where the product will be deployed is free of debris, cracks and holes. For more details and for chemical compatibility, please call Technical Services.
Sold as	0

Description

Unique 45-degree wedge design fits snugly against doorposts (up to 122 cm wide) to stop the spread of liquids

Ideal as a barrier in doorways during washdown operations, as a dam to control or contain spilled liquids or as a diverter to direct rising water or liquid away from equipment or supplies

Reusable dike cleans easily with soap and water

Polyurethane material resists water, oils and many chemicals

High-visibility yellow top colour draws attention to spill for increased safety

Light-weight and easy to handle and deploy
